

USTA JUNIOR TEAM TENNIS:

USTA Team Tennis is a national USTA program that the Indianapolis Community Tennis Association has been offering for several years. USTA Team Tennis gives players the opportunity to participate in a competitive format against other clubs and teams of similar ability. Team tennis is designed for match play. It is not a class or clinic. Team matches are played at local Clubs on Sunday afternoons between 11:30-8:00. Matches are 2 hours long and include singles, doubles and mixed doubles. There are NO mandatory practices for these matches.

Players are grouped according to age and ability. You can be placed on a team with other players or form your own team. If you form your own team, be sure to turn in your applications together in an envelope.

The cost to play in the league is approximately \$120.00. **You will pay online after being placed on a team.** This does not include the USTA membership fee.

Each team must have a team parent who is responsible to be sure your players know the schedule and have enough players available to play each match, make a lineup for the match and attend the matches. The home team parent of each match then enters the score on the computer. The 18 and under teams do not need a parent on the court as long as they have a team captain. Players must be USTA members.

Application forms **must be returned** to Carmel Racquet Club by:

10 & under - August 15, 2014.

All other ages – October 1, 2014

10 & under match play begins in September and will use orange or green dot balls. All other age groups start in late October. Players MUST be able to serve at least 50% of their serves in. Advanced beginners are not ready for this kind of match play. All competition ends by April 2015 unless teams must schedule make ups.

If you have any questions, please leave me a message at Carmel Racquet Club or email to: szbooker16@gmail.com

Thank you,

Suzie Booker
